Dear Sir:

I am sorry that we are extremely short of peas owing to the fact that I had no land at Ottawa on which I could sow any peas last spring. Our peas in 1912 were almost a failure owing to disease. I shall send you 5 lbs. of the Selected Arthur pea, but it is not of our own growing. I think it would be best for you to look over the seed as you will probably find a few black eyes, which are not of course correct type. The Solo pea I could not send you.

Yours very truly,

C. E. Saunders

P.S. I notice that your last letter to me had a stamp on the envelope. I do not know whether you have always been in the habit of putting on stamps but it is quite unnecessary to do so on any letter or parcel posted in Canada and addressed to me as Dominion Cerealist.
